

## LOCAL NEWS.

WEDNESDAY EVENING, JULY 24.

**TO FARMERS—GRAIN FANS.**—There has been, of late, great complaint on the part of our merchants, sellers as well as buyers, of the condition in which farmers send their grain to market, in many instances depreciating its value 5, 10, and even 15 per cent. We have frequently alluded to this subject, and endeavored to convince farmers that it was to their interest to have their grain properly cleaned, but the evil complained of has in nowise abated, but rather increased with the new crop of wheat now coming forward, and as a consequence lower figures paid than if more care and attention had been paid by farmers to this subject. One of our merchants, on 'change, this morning, handed us the following paragraph, with a request that it should be published, which we may have the desired effect:

"FANS.—We learn no fans have been seen going up the Orange and Alexandria, Manassas, or Alexandria, Loudoun and Hampshire roads this season, and that an impression prevails in this country that corn brings as much unfanned as fanned—wheat dirty, and that cackle and garlic is not objectionable to purchasers. If grain is sent to market dirty it cannot be expected to bring full prices."

**ON 'CHANGE.**—By reference to our commercial report, it will be seen that there has been a considerable improvement in business during the past week, grain coming in more freely; and with an active demand, both at home and abroad, prices, all things considered, have been well maintained. Within the past few days flour has suffered a considerable decline, and the indications are that it will go still lower—intelligence which will not be displeasing to consumers. New wheat is coming forward pretty freely, and prices, since the first decline, have been steady, the very poor condition in which the most of it has been sent to market, however, depreciating the prices lower than otherwise would have been the case. Corn continues "steady" with a slow but sure advance from the recent decline, and there seems no appearance of a sudden reaction. Oats, which for more than a week have ruled so high, within a day or two past have received a "black eye," and have "tumbled" considerably. Sugars have advanced lately. Coffee, tea, &c., remain without much change. Bacon has advanced.

**HOOK AND LADDER COMPANY.**—A meeting of the Relief Hook and Ladder Company was held last evening in the rooms of the Old Dominion Base Ball Club, Capt. Jas. M. Stenard, President, in the chair, and M. M. McLean Secretary pro tem. The "Building Committee" reported that they had contracted with Messrs. W. M. Ives & Co., of Baltimore, for a first-class truck, with hooks, ladders, grapples, &c., &c.—the same to be delivered complete by the 1st of October, 1867. A vote of thanks was tendered to the agents of Insurance Companies, and to the citizens generally, and particularly to Mr. W. C. Carrington, President of the Jefferson and James River Insurance companies, for their liberal subscriptions. After the transaction of other business of minor importance the meeting adjourned until the 1st Friday in August.

**THE BOAT RACE.**—The boat race advertised in another column to occur about the 1st of August, from appearances will be a grand affair and a decided success. The regatta will include schooners, sloops and boats of all sizes, due allowance being made for the difference in size. The whole affair will be conducted under the supervision of competent and responsible judges. A prize of \$100 will be awarded to the winning boat. Entries may be made, and tickets for the regatta and all information relative to the same, may be obtained at the headquarters of the National Yacht Club, at the foot of Sixth street, Washington. A steamer will be provided for the accommodation of ladies and gentlemen desiring to witness the race, and will accompany the boats throughout the entire course.

**CITY COUNCIL.**—Last night was the night in course for the regular meeting of the City Council, but no quorum appearing in the Board of Aldermen, that branch was not in session. The Common Council, however, met and considered several matters, generally of a private character. A resolution, fixing the commissions of the Clerk of the Market at 5, instead of 2 1/2 per cent., was passed, as was also an act requiring the Night Scavenger to remove all filth a half mile beyond the limits of the city. After the transaction of the business, by consent, Messrs. Clifford and Johnson discussed the propriety of having a clerk of the Gas Works, the works, and their management, past and present, &c., until after 10 o'clock, when an adjournment took place.

**COUNTERFEIT.**—A dangerous counterfeit \$50 bill has made its appearance, which is well gotten up and calculated to deceive the best judges. It is of series No. 2, and is one-fourth of an inch longer, and one thirty-second of an inch wider than the genuine. The buttons on the vest in the vignette of the genuine show plainly, and the lines on them all run one way, while in the counterfeit the buttons are obscured, and on the second button from the top the engraved lines cross each other. The vignette is coarse and the face has a bad countenance. When you turn the bill over, on the left hand corner the circle containing the figures 50 lap, obscuring the 0, so that it reads 050. In the genuine the 0's are all separate and distinct.—*Washington Star.*

**VIRGINIA LAND ASSOCIATION.**—A meeting of the subscribers to the Virginia Land Association is to be held at the rooms of the Corn Exchange to-morrow morning at 10 o'clock, when it is expected an organization will be effected. Besides the very respectable subscription raised here, a number of gentlemen in Washington and other places, have become members, and others are expected to join.—The Association bids fair to prove very successful.

**BUSINESS** is likely to commence early this season, as the crops, it is expected, will be sent to market sooner than usual. We are hopeful of a speedy revival of trade in Alexandria.—Business is no duller here, in proportion to population, &c., than it is in other Southern and many Northern cities.

**FIRST WARD RADICALS.**—A meeting of the Republican Club of the First Ward was held last night, in Slaty's School House, on Wolfe street, between Royal and Pitt, L. D. Harmon, in the Chair, and Theodore Teed, acting as Secretary. The routine business of the Club having been transacted, the preamble and resolutions, known as the repudiating resolutions, which have been under discussion in the different radical clubs in this city for some time past, were introduced, and debated by Messrs. R. C. Armstrong and John Hawhurst, but without any definite action respecting them being arrived at their further consideration was postponed until next Friday night, when a called meeting of the club will be held at the same place. A committee was appointed to select delegates to the Radical Convention to be held in Richmond next August. T. K. Church and T. L. Sanborn were admitted as members of the club, after which the meeting, at eleven o'clock, adjourned. A number of those present were in favor of repudiating the entire city debt, and retaining possession of the Corporation property, while others advocated the imposition of taxes, sufficient to pay the debt, upon the real estate in the city, force it into market, and thereby allow immigrants to purchase cheap residences.

**MARINE DISASTER.**—The schooner Helen Marr, Capt. Jones, from Norfolk on the 5th inst., with a cargo of 119,000 shingles, consigned to Messrs. Smoot & Perry, of this city, sprung leak, filled and went over on her beam ends when at the mouth of the Piankank. The schooner Belle R. Hull, of Brooklyn, bound up the Chesapeake, rendered what assistance was possible. She laid alongside of the Helen Marr all night, got out what cargo could be reached, and in the morning righted and carried her into the river, where she was grounded, boarded out, and the remaining cargo taken on board of Capt. Driscoll's vessel, which changed her destination, loaded with wood and shingles, and sailed for New York. About 35,400 shingles were saved. There was no insurance. The schooner Helen Marr is now a wreck in the Piankank, without sails or rigging.

**BASE BALL.**—An interesting match game of base ball, occupying four hours and twenty-five minutes, between the first nine of the Monticello and the second nine of the Old Dominion clubs, was played yesterday evening on the grounds of the Alexandria Association, in the presence of a large number of spectators, many of whom were ladies. The contest at the end of the sixth inning became very exciting, the score, at that time, standing, Monticello, 25, Old Dominion, 31. The seventh inning, however, soon indicated the result of the game, and at its termination the playing stopped, the score closing with, Monticello, 67, Old Dominion, 34. Mr. P. Brenner, of the Pioneer club, acted as Umpire.

**"J. N." REDIVIVUS.**—The distinguished philosopher "J. N." having emerged from the shades to which the newspapers had consigned him last winter, "lifted the veil" last night, between eight and nine o'clock, on the Southwest corner of King and Pitt streets, in the presence of some two or three hundred spectators. He assumed the responsibility of differing from the established ideas of the age, and tore asunder the screen of prejudice which enshrouds the political affairs of the county. He announced that he would favor Alexandria with another address next Friday night.

**HOUSE MOVED.**—The frame building, containing the reception rooms and offices of the Potomac Ferry Co., was moved this morning from its old site to the new slip, foot of King street. The change of location was effected in a somewhat novel and expeditious manner; one end of a rope was attached to the house, the other to the steam winch of a pile driver stationed in the dock, at the new slip, by the revolution of which, rollers having been adjusted under the house, it was moved to its new situation without much trouble.

**SUNDAY SCHOOL EXCURSION.**—The annual excursion of the Sunday School of the Methodist Episcopal Church, South, and its numerous friends, to Carlin's Spring to-day was very numerous attended. Two trains, crowded with the excursionists and their baskets, left the depot of the Alexandria, Loudoun and Hampshire Railroad this morning, and another also well loaded, left there at three o'clock this evening, for the scene of the festivities.

**WILL PROBATED.**—In the Orphan's Court, in Washington, yesterday, the last will and testament of James Riordan, of the city of Washington, D. C., deceased, was fully proven, and letters testamentary issued to Martha Riordan; bond, \$6,000. He bequeaths his residence to his wife, Martha Riordan; also his two lots in Alexandria, his two negro women, and all the personal estate and bonded stocks in his possession, to her and her assigns forever.

**INCREASE OF PAY.**—The Postmaster General has increased the pay for the transportation of the mails over the Orange and Alexandria Railroad to \$200 per mile, the service now being performed twice daily. The increase makes an addition of \$18,000 in the receipts of the road.

**THE STEAMER WINNIMMET.**—The steamer Winnimmet, of the Potomac Ferry Company, is now lying in Prince street dock, undergoing repairs. Her place on the ferry is supplied for the present by the steamer Mariner.

**DIRECTORY MEETING.**—The members of the board of directors of the Orange and Alexandria Railroad Company arrived in this city yesterday evening, and held a meeting at the office of the company this morning.

**ROCK FISH.**—It is stated by those who have participated in the sport that large and fine rock fish can now be caught on fall tides from the Long Bridge.

**THE WEATHER** continues warm. The thermometer at noon, at this office, indicated 89° in the shade.

**50 BOXES PRIME FACTORY CHEESE.**—10 lbs. each, in casks, OILIONS, Just received and for sale by

THOMAS SMITH,  
July 24

**POLICE REPORT—MAYOR'S OFFICE.**—Geo. Weismuller, for permitting a nuisance to exist on his premises, was fined and discharged. Mrs. Blouse, for striking a colored girl named Emma Shaw, was fined and discharged. Mrs. Blouse had been provoked by the girl, who had thrown stones at her house and otherwise annoyed her.  
**MAGISTRATES' OFFICE.**—Charles Nugent, arrested and committed to jail last month for swindling Michael Harlow, but afterwards released, was re-arrested yesterday evening, charged with stealing \$120 from a Washington tavern keeper named McCaw, was committed for further examination.

**CITY ITEMS.**  
S. DEALHAM, 106, King street, has just returned from New York, with the largest stock of LINEN AND SUMMER CASSIMERE CLOTHING, ever before brought to this market.

GWIN, BECKHAM & CO.,  
je 24  
Cor. King and Water sts.

**EUREKA, THE INFALLIBLE HAIR RESTORATIVE.**  
THIS IS NO HAIR DYE.  
REASONS WHY THE EUREKA SHOULD BE USED.  
It will cleanse the scalp, and thereby promote the growth of the hair.  
If the hair is dry, stiff and lifeless, it will give it softness, and lively and youthful appearance.  
If the hair is becoming thin, weak and falling out, it will restore it to its original color, without staining scalp or hands.  
It is free from all impurities or poisonous drugs.  
It is no hair dye, but an infallible restorative, and will do all that is promised, when used by the directions.  
A few applications of this Compound will change brash, dry and wiry hair to the most beautiful silken tresses.  
If the hair is falling out, or becoming gray, the use of the Eureka will surely arrest its decay, and cause it to assume in a short time, all its former beauty. It completely eradicates Scurf and Dandruff, and kills Hair-enters, so destructive to the roots of the hair, and cures all diseases or humors of the scalp.  
As a hair dressing, the Eureka is unequaled by any other hair preparation in the world.  
Price \$1 per bottle; six bottles for \$5.00.  
JANNEY & CO., Agents,  
No. 145, King street.

**HQHS. NATIONAL YACHT CLUB,** Washington, D. C., July 16, 1867.

We desire to call the attention of parties, owning Schooners, Sloops, and Boats of 16 feet and upwards, to the REGATTA, which is designed to take place on the POTOMAC, about the 1st of AUGUST.

The programme of arrangements will be given in full at a later date.  
The Regatta will consist of all vessels desiring to participate, and will be divided into three classes: Those of the first to consist of schooners; the second of sloops; and the third of boats of 23 feet and under, including all small boats of any length. All vessels of the different classes will be required to be entered at least 48 hours before time of starting in writing, and will state name of owner, length, and where moored. Also shall be measured 24 hours before starting, and such measurement shall be from the longest part of the stem to the longest part of the stern, and an allowance of two minutes per foot shall be given in favor of vessels falling short of each other's length.

We hope our friends from Georgetown and Alexandria will give us their support by requesting their boats of all sizes and descriptions to enter at the earliest opportunity.

Three Handsome Prizes will be awarded to the winning boats of each class.  
The steamer H. Livingston will accompany the Regatta, thereby extending to all a fine opportunity of witnessing one of the grandest sights that probably has ever been seen on the Potomac river.

Notice of the completion of arrangements will be given to the public in the papers of Washington, Georgetown and Alexandria.  
The Regatta is now on, and all boats will be entered by addressing National Yacht Club, Cottage Restaurant, Sixth street wharf, Washington, D. C. F. W. MILLER, Captain.  
Office National Yacht Club.  
P. S.—There will be a Collection at the Cottage Restaurant, for the participants in the Regatta after the race is over.  
Washington, je 22—satAul

**FOR EXCURSIONS.**  
The large and commodious steamer H. LIVINGSTON, elegantly fitted up, can be chartered for Excursions down the Potomac on Mondays and Thursdays.
